

Matterport is the industry leader for 3D space capture. Our all-in-one platform transforms real-life spaces into immersive digital twin models.

## The Matterport Advantage

Incredibly accurate and infinitely immersive, our 3D models are an effective tool for connecting people with spaces, allowing for enhanced collaboration and accelerated project management. Matterport digital twins make it easier than ever to promote properties for sale or rent, plan construction projects or capture special places.

More 3D tours have been scanned with Matterport's immersive technology than any other solution.

## Why Matterport?

- Unparalleled 3D capture quality
- Easy to use, all-in-one solution
- Flexible capture methods for every job
- Secure model management
- Unrivaled 3D expertise

More 3D tours have been scanned with Matterport's immersive technology than any other solution.

## Capture on your terms.

From homes to high-rises, one-room layouts to complicated floor plans, take any space online with any number of cameras—including your smartphone using our mobile app (available on iOS and Android). Or, easier yet, have us create your digital twins for you with Matterport Capture Services™.

## A powerful suite of features.

### Notes

Collaborate efficiently with commenting and sharing integrated in your spaces.

### Dollhouse Views

Photo realistic and fully interactive 3D floor plan perspective.

### Matteredtags™

Embed pop-up notes, links, videos, and e-commerce workflows in your 3D model.

### Blur Brush™

Protect the privacy of people by blurring faces or personal information.

### MatterPak™

Download, edit, and import high-resolution digital assets from Matterport Cloud.

### Measurement Mode

Accurately measure anything within a 3D model.

## Matterport for Everyone

### Residential Real Estate

Whether you're a real estate agent, a broker or a property manager, Matterport's 3D virtual tours can increase commissions, reach a wider audience and close on properties faster.

### Retail

Capturing immersive 3D models of in-store layouts and displays enables retailers to quickly and easily plan, implement and manage brand, floor layouts and merchandising across locations.

### Insurance & Restoration

Insurance carriers, claims adjusters, restoration companies or property owners can save time, cut costs and close on claims faster utilizing Matterport's accurate, transparent and fair documentation and valuations.

### Commercial Real Estate

By giving businesses the most accurate view of their potential workspace, 3D digital twins draw increased engagements online and create efficiency in the search and viewing process, saving your clients time and money.

### Travel & Hospitality

From vacation rentals to hotels and event spaces, you can elevate the promotion of your business with 3D tours that boost engagement, increase bookings and drive higher occupancy rates.

### Public Sector

Matterport is the most efficient, effective method to survey existing schools, government buildings, utilities and other critical infrastructure spaces for digital inventory, promoting and planning, and facility management.
